Airforce Plans Big Cutback in Spare Engines

By VERN HAUGLAND
WASHINGTON (AP) — The Air Force plans to cancel contracts for possibly 6,000 spare engines costing perhaps a half-billion dollars because, it says, jet engines are sturdier than at first thought.

Secretary of Defense Wilson and Secretary of the Air Force Talbot told a news conference yesterday the cancellations will "not affect the production of one single plane."

They said the engines, all spares or extras and mostly for jets, are no longer needed for two chief reasons:

1. Jet engines are much more durable than had been expected—the result of "accumulated know-how" in operation, maintenance and improved design.

2. Attrition rates have fallen off—that is, fewer accidents and, of course, no losses in combat since the truce in Korea.

However, Talbot said the Korean truce was not a direct factor. Talbot said production of the affected engines will start tapering off immediately and will come to a halt by next spring. He said the number of cancelled engines might run as high as 6,000 with savings between 400 and 500 million dollars.

Commenting on the durability of jet engines, Talbot said some of them run as much as 1,000 hours without overhaul, whereas 100 hours had originally been contemplated. But he added:

"There was no mistake in the original jet engine orders. At the time they were made, we had no experience factors on which to base requirements."

Wilson and Talbot insisted the cancellations were not dictated by the five-billion-dollar cutback in Air Force funds voted by Congress last session. But they said the decision was in line with administration policy of saving money wherever possible without endangering national security.

Wilson said the engine cancellations have nothing to do with the aircraft reductions announced two weeks ago, when 965 planes were cut from procurement plans at a saving of 750 million dollars.

Talbot said the engine cutback will not affect the J53, which is the newest, costliest and most powerful jet engine made for the Air Force. Principally affected, he said, are the J47, used in B47 bombers; the J33 and J35, used in the J65 used in the power F84 and the J65, used in the power F84 and the B37, and the R3350 and R2300 piston engines.

'Dead' Man Turns Up Alive at Texarkana

TEXARKANA, Tex. (UP) — A "dead man" returned to life today and promptly collapsed when he learned that he had missed his own funeral.

Van Iker Sellman, 46, returned to his home in this city from a visit to Longview, Tex., last night and learned he was supposed to have died when struck by a train at the railroad yards here Aug. 27.

Sheriff W. J. Wallington said the body had been identified by Sellman's closest relatives before the funeral and burial was conducted. Wallington said the body now will be exhumed for a re-identification.

Sellman, an unemployed man who reportedly went to see a girl friend in Longview, learned of his death shortly after arriving here and collapsed. Doctors gave him sedatives to put him to sleep, and Sellman was not permitted to talk to reporters.

Officers, relatives and friends were at a loss to explain the mistake in identification.

Sellman's brother-in-law, G. A. Baldwin, said the body of the dead man bore a scar on the nose in the exact spot as Missed on Page Two

Operation on Siamese Twins, Taking 8 Doctors Two Hours, Is Termed Very Satisfactory

Municipal Swim Pool Ends Year With a Profit

Hope Municipal Swimming Pool at Fair park ended the 1953 season with a net profit of \$435.62, it was announced today. The pool is under the supervision of Mrs. Fox Hammons.

Over a three-year period the pool has shown an average profit of \$311.24, despite a severe polio scare that practically ended operations in midseason last year.

Hope's pool is one of the best in this section of Arkansas, if not the best, and has proved to be an invaluable source of recreation during the hot months for the city and surrounding territory.

NEW ORLEANS (AP) — A team of eight surgeons separated Louisiana's Siamese twins today after operating two hours.

"The condition of the twins is very satisfactory" following the separation, a staff surgeon reported and expressed hope that both girls would survive.

He said operating surgeons would be able to close the point of operation on one twin immediately. But surgeons were not sure about the other twin. The point of operation on her would be partially closed, at least, the surgeon said.

The surgeons split into two teams of four each to finish the work on each girl individually.

The operation went satisfactorily with no unexpected developments, a staff surgeon reported.

The concluding steps of the operation were expected to take another hour.

If both girls survive, the surgeons believe they will have written a new page in medical history.

A spokesman at New Orleans Foundation Hospital said that never before have both twins survived such an operation.

The surgeons separated the lower intestinal tract that the eight-week-old girls shared after dividing a fused vertebrae that also joined them.

The girls are the daughters of Mayor and Mrs. Ashton J. Mouton of Lafayette.

Hospital spokesmen said yesterday the girls, Carolyn and Catherine Anne are "bright, alert and normal in every respect except for the connection."

The girls were born in the Lafayette Hospital July 22.

The only organ the twins had in common was the lower intestinal tract, spokesmen said. They were joined at the fourth sacral vertebra, which is fused.

The lower intestinal tract was bypassed in a preliminary operation by an opening in the abdominal wall, spokesmen said. Plastic surgery will complete each twin's lower intestinal tract.

The twins, under observation since their birth, have been found normal in mental development, general health and growth. They apparently have separate functioning nervous systems and independent spinal cords, except a junction in the spinal cord at the lower end.

They weighed 11 pounds, eight ounces at birth and have gained about three pounds since.

The first born, Catherine Anne, was the longest, 17 inches. Her sister was 16½ inches long. Each has grown about an inch and three-quarters.

At one point in the delivery, Carolyn Anne stopped breathing and had to be revived by artificial respiration. The twins went into an incubator at birth.

Mrs. Mouton's pregnancy was normal, spokesmen said. Mouton described the recovery of his 33-year-old wife as "phenomenal."

She left the sanitarium after six days.

The Moutons have two other children, Stella Rose, 9 and Ashton Jr., 6.

U.S. Doubts Chinese Will Live Up to a Deal For Independent Korea

World-Famous Watermelon Industry of Hempstead Co. Dying for Lack of Interest

Here is a fact report from Ray Lawrence, secretary-manager of Hope Chamber of Commerce, on a recent effort to salvage Hempstead county's dying watermelon industry. The Star asked Mr. Lawrence to write it out in detail, and he had news follows:

On Thursday evening, September 10, five watermelon growers assembled in the courtroom of the Hempstead county courthouse, along with members of the Hope Chamber of Commerce and Agriculture Committee and State Plant Board representatives from Arkansas and Oklahoma.

Chairman Mitchell Sparks, of the Agriculture Committee, through the cooperation of other members of the committee, had contacted a large number of watermelon growers in person, along with about 100 postal cards being mailed and several news items in the paper and on the radio concerning the meeting.

Two men drove from Oklahoma City to Hope, and had to be in Durant, Okla., at 11 a.m. on the following day. One of the representatives of the Arkansas State Plant Board drove to Hope from Van Buren to lend assistance to the program.

A film which was made by the Oklahoma State Plant Board, at an approximate cost of \$5,000, was shown to the group. The film followed the watermelons from the field to the shipping point on to the big city markets. It showed the disease problems which the growers must fight, the harvesting

SW Teams Plagued With Injuries

DALLAS, Tex. — Two of the five Southwest Conference eleveners opened their 1953 season Saturday facing their first competition of the year with injury-riddled squads.

The Texas Longhorns will go up against Louisiana State at Baton Rouge with at least four players sidelined.

Arkansas A&M's Cadeaux opened against Kentucky with a stellar player, Eric Miller, out of the lineup because of a head injury.

Baylor, set for California at Berkeley, also has several players out.

Wake Up To More Comfort Without Napping Backache

Napping backache, loss of energy, headache and dizziness may be due to slow waves of kidney function. There are good ways to keep your kidneys in good shape. When some of the important functions of the kidneys are impaired, such as blood and urine, causing the important functions to slow down, many follow-up symptoms develop. Minor kidney ailments are often overlooked. Minor ailments can lead to serious conditions. Minor ailments can lead to serious conditions. Minor ailments can lead to serious conditions.

Churchill Is Back at Work

BALTIMORE, Sept. 16. — Prime Minister Churchill took off by plane today for London after spending the weekend with the royal family at their summer estate.

Churchill was given a rousing reception by a crowd of 100 at the airport. He looked fit.

The 78-year-old Prime Minister has called a cabinet meeting for tomorrow at 10 Downing Street.

In recent years, nickel has been mined in quantity in Canada, the Celebes, China, New Caledonia, Norway and Russia and in smaller amounts in several other countries.

Today Prussia does not exist as a geographic or political unit.

Arkansas and Southern Methodist, their season debuts delayed until Sept. 26 and Oct. 3, respectively, also reported injuries that hampered early season drills.

Three injured Razorbacks watched from the sidelines as Arkansas gliders lined up on defense against the T formation. But Coach Bowden Wyatt hoped the injured trio would be ready to go against Oklahoma A&M next week.

Sidelined were end Jerry Berger, fullback Johnson Gunn, and wingback Charlie Latta.

Turley Best Prospect of Brownies

By BEN PHLEGAR AP Sports Writer

One of the brightest prospects who will leave St. Louis with the Browns at the end of this season is young Bob Turley, a strikeout artist fresh out of the army.

A hot, husky 23-year-old right-hander, Turley turned up, unheralded in mid-August and went to work immediately. In a month he's appeared in eight games. His 2-3 won and lost record is nothing to boast about, but some of his other figures are quite impressive.

In 47 innings he has struck out 48 men. He has pitched complete games in his last three starts, two of which are 12 innings. In those three contests he allowed only 15 hits while striking out 30.

He lost one of these last night to the champion New York Yankees 3-2. He gave up only four hits, all singles, but the Yankees walked three of those with two walks to get all of their runs in the sixth inning. Turley struck out eight and walked eight.

A native of East St. Louis, Ill., Turley is a product of the Browns' farm system. He first hit the majors at the end of 1951 after being chosen the most valuable player in the Texas League while at San Antonio.

Commoners Take Over Amateur Meet

By HUGH FULLERTON JR. OKLAHOMA CITY

The common people took over the National Amateur Golf Championship today at the plush Oklahoma City Golf and Country Club.

The former champions—with one exception—the Walker cup stars and the rich men's sons joined the galleries as the field was reduced to 16 players for the second "double death" round that will bring the tournament down to the final two players.

Those still competing included: Two public links players—the champion and runner-up. Three college boys.

A Coast Guardsman and a Navy aviator whose main duty is directing recreation for sailors.

A stock plant worker. A survey of salesmen.

And an unemployed politician who doesn't have to worry about the shortage of votes.

The bracket of 16 wasn't entirely devoid of name players—or golfers financially able to hold up their end in the country club set. But it definitely was a tournament for the working men at this stage.

Among the survivors were 1950 champion Sam Urzetta of Rochester, N. Y.

Other survivors were Don Nichols of Oklahoma A & M and Bruce Cudd, a 20-year-old junior at Portland University.

The public links players are Ted Richards, Jr., of Los Angeles, and Irving Cooper, whom Richards beat in the final. Angelo Santilli, who takes on ex-champion Urzetta, is from East Greenwich, R. I. Two of the others, Raymond Palmer of Grosse Ile, Mich., and Arnold Blum of Macon, Ga., are businessmen.

Emerging as the most notable figures were Litter and Arnold Palmer, a Cleveland Coast Guardsman.

Litter, one of the pre-tournament favorites, came to the head part of his quarter today. In the fifth round he can up against Morgan, the only Briton to win both his walker cup matches and a steady, impressive winner here.

Palmer survived his only bad round of the tournament to eliminate Congressman Westland in the third round, 1-up, then went on to a 2 and 1 victory over Walker, Copper Ken Venturi.

The other surviving students are Don Nichols of Oklahoma A & M and Bruce Cudd, a 20-year-old junior at Portland University.

Roger Hornsby Out as Redlegs Manager

CINCINNATI — Roger Hornsby today was removed as manager of the Cincinnati Redlegs.

Gabe Paul, general manager of the club, said Buster Mays, first base coach, will handle the team the remainder of the season.

Paul, in a statement, said Hornsby was asked him Tuesday about his status for 1954.

"He was told a decision would be made very shortly and because of his request he would be advised as soon as a decision was reached," Paul said.

"We have advised Mr. Hornsby today that a change in managers will be made. Because of the fact that Mr. Hornsby has been notified he will not manage the Redlegs in 1954 it is advisable that the change take place immediately."

Paul said he was not ready to announce the new manager.

Hornsby, who succeeded Lube Sewell as Cincinnati manager, in August of last year, was not present when Paul made the announcement.

The Redlegs are in sixth place in the National League race, the same position in which they finished both in 1951 and 1952.

There had been reports all week that Paul and Hornsby were not well between the Redleg front office and Hornsby and there also were reports he was not on the best of terms with some of the players. He was dismissed as manager of the St. Louis Browns early last year.

General Manager Paul, in his statement, said Hornsby and he "are parting on the friendliest of terms and I do want to say that, contrary to many reports, there never has been one minute of friction between us."

Suit Against Feed Sales Tax Dismissed

LITTLE ROCK, Ark. — A suit attacking the two per cent Arkansas sales tax on manufactured poultry feed was dismissed by Pulaski Chancellor Guy Williams yesterday.

State Rep. F. A. Teague of Berryville, who filed the suit, contended the feed should be exempt because it was used in the further processing of another product.

Williams dismissed the suit for lack of equity, indicating he felt Teague did not have a case.

The Republican legislator is expected to appeal to the Arkansas Supreme Court.

Meanwhile, Asst. Revenue Commissioner Ed McLees said the force of Revenue inspectors in Northwest Arkansas will be increased to enforce sales tax laws on poultry feed.

McLees said the additional inspectors were being sent into the area to crack down on truckers who haul feed from Missouri to broiler producers in Arkansas.

The department also is conducting a survey of the entire broiler area to determine all sales tax liabilities, he said.

Hornsby, who succeeded Lube Sewell as Cincinnati manager, in August of last year, was not present when Paul made the announcement.

Taylor Asks Help for Torn Korea

SEOUL, Korea — Gen. Maxwell D. Taylor today called on his multinational 8th Army to help war-shattered South Korea. He authorized the use of military personnel and equipment and voluntary collection of money.

In a broadcast over the U.S. Armed Forces Korea network, Taylor called on the 8th Army to help rebuild Korean towns and to provide help in education, health, athletics, entertainment and employment.

Associated Press Sports Writer

Coach Bowden Wyatt was looking at the schedule of 10 major opponents for his Arkansas Razorbacks.

"I'm sure thankful for those three night games," he said. "We're not as deep as any team we play this year. It'll be a little cooler in those night games and our best boys can play longer without substitutions."

The Razorbacks will open with a night game, meeting Oklahoma A&M in Little Rock Sept. 26. The other after dark tilts will be against Texas A&M at Little Rock Oct. 31 and Rice at Houston Nov. 7.

You can bet Wyatt wishes Baylor was on the night schedule, too. It's always hot at Waco in early October and Arkansas has lost plenty of games there after winning in the second half. In fact, the Razorbacks have never won at Waco.

Wyatt, brought up in the Tennessee system of playing a breather before nearly every major foe, shudders at the '53 schedule, which includes neither breather nor open dates.

"We can't point for any one ball game," he means.

Football isn't the only thing the new Arkansas mentor preaches to his charges. He's tells them constantly, to keep up in their school work.

"We're terribly thin and we just can't afford to lose anybody else through scholastic failures," he observed. "Some of the boys who flunked out last springs would have helped us a lot this fall."

Wyatt stresses scholastic success so much that his freshman team will practice only four afternoons a week. The boys will be told to spend the other afternoons studying.

Freshmen gliders will be handled differently under the new Razorback coaching setup.

Instead of being called up from their own drill ground only for scrimmage fodder, the yearlings will spend considerable time on the varsity field—where Wyatt and other varsity coaches can keep an eye on them and help the freshman staff with instructions.

"These freshmen are the boys we will have to depend on to give us a better team next year," Wyatt points out. "We want to be sure they're as ready as possible when they become sophomores."

The 1953 frosh are a mighty fine crew of prospects, too.

Antonio. Although he got beat, his Browns won the first game 5-3 against an assortment of second stringers.

In other action yesterday Cleveland beat Philadelphia 7-3. Washington defeated Chicago 4-2 and Detroit thumped Boston 3-3 in the American League; St. Louis edged Brooklyn 5-4. Milwaukee whipped Pittsburgh 7-3. New York's shaded Cincinnati 4-3 and Chicago defeated Philadelphia 7-4 in the National.

Bobby Loe won his ninth game for the second place Indians at Philadelphia.

The Tigers pounded four Boston pitchers for 18 hits including two by shortstop Harvey Kuen who became the first rookie in either league to get 200 hits since Dick Wakefield did it with the Tigers in 1943.

In beating Brooklyn the Cardinals pined the first loss on Preacher Roe since mid-May.

Eddie Matthews hit his 46th home run and raised his runbatted total to 131, bettering the previous club record for the Braves.

The Cubs' victory over Philadelphia was their 11th in their last 13 games.

UCLA Coach Is Moaning Over Rating

LOS ANGELES (AP) — UCLA has a fine looking football team and rates as one of the best in the nation.

But Coach Henry R. (Red) Sanders is not devoid of major problems and he can well afford an ample share of good luck as the season progresses.

The Bruins' merit high ranking off their excellent season last year in which they went unbeaten in eight games and then lost the ninth and with it the Rose Bowl bid, by two points to Southern California.

But from that outfit Sanders lost 13 veterans, including All-American Donn Moomaw and several All-Coast key performers.

UCLA is not blessed with too much depth, and the luck angle hinges on the escape from injuries of valuable first stringers. The most valuable first stringer is unquestionably the tailback in the Sanders single wing attack, Paul Cameron. Cameron missed most of the 1952 full time duty with a knee injury.

Little Ted Narleski filled in as an able pinch hitter for Cameron in '52, and possibly another under study, Primo Villanueva, a 100-pound junior, can do as well this fall.

Sanders says another problem is at center, where Ira Pauley, an adept ball handler, has yet to master line backing, and his replacement, John Peterson, must learn ball passing.

UCLA has some 22 lettermen back, including six starters on last year's offensive platoon, and nine defensive men.

Supporting Cameron among the backs are Pete Dailey, Don Stalwick, Bill Stitts and blocking back Terry DeWay.

In the line, the team boasts two of the finest tackles in the Pacific Coast Conference in Chuck Doud and Jack Ellena.

The Uclans open with Oregon State here Friday night. In succession come Kansas, Oregon, Wisconsin, Stanford, Washington State, California, Washington and Southern California.

Vols Win But Lose Top Hurler

NASHVILLE, Tenn. (AP)—Manager Hugh Poland's hopes of piloting his Nashville Vols into the Dixie series rested somewhat gingerly on a shaky pitching staff today.

The Vols knocked off Birmingham 7-3 last night in the opening round of the playoff finals.

The victory could prove costly, however. Starting pitcher Jim Constance, a 19 game winner, was lost for the year when a vicious hopper off the bat of Emil Tullinger broke his middle finger.

Reliever Pete Medina pitched steadily, 6 1/2 ball the rest of the way while his teammates pounded out 2 hits to give the Vols a 4-0-7 series. The winner will meet the Texas League playoff champs.

Tigers to Open Season Friday at Camden

The Yerger High Tigers will open their football season Friday, September 18, against Lincoln High School of Camden at Camden.

The Tigers started practice on August 15 with thirty-nine players, 15 are veterans and have practiced twice daily until opening of school. During the first two weeks practice was devoted to fundamentals.

There are still three regulars who have not returned to Hope from summer work. If these regulars return, the season will have a promising outlook for the Tigers.

Only two lettermen are on the squad, Roscoe Smith, last year's standout tackle and co-captain for the '53 season and Sylvester Davis, leading scorer in the state and last year's honorable mention on the "All State Team."

Other returning players are Freddie Moss, Kenneth Briggs, Jimmy Stuart, Clyde Johnson, Benjamin Brooks and William Clark, in the backfield. Returning linemen are Altha Shaw, Alonzo McFadden, Glen Edwards, Charles Johnson, Alphonzo Moses, James Tyus, Odell McFadden and James Rogers.

The Tigers will run from the split "T" this season. Coaches Billie and Smith are hopeful the squad will make a good showing in their opener.

The Schedule:
 Sept. 18 Lincoln (Camden) there
 Sept. 25 Merrill (Pine Bluff), there
 Oct. 2 Lincoln (Fort Smith) here
 Oct. 9 Homer, La., there
 Oct. 16 Open
 Oct. 23 Washington (Texarkana), there
 Oct. 30 Jones (N. Little Rock) here, (Homecoming)
 Nov. 6 Langston (Hot Springs), there

Southern State Again Favorite

(This is the fourth in a series on prospects of Arkansas Intercollegiate Conference football teams.)
 By CARL BELL
 Associated Press Sports Writer

MAGNOLIA (AP)—There's an old and quite true saying that a champion is a champion until beaten. That may be the reason Arkansas Intercollegiate Conference coaches have put Southern State College's Mulderiders on the hot spot as favorites for a third consecutive football title this fall.

Or, it may be simply that Southern is coming back with 10 lettermen, the same savvy head coach, Elmer Smith—abi the same good luck mascot, Sicilian mole Ophi-maggie.

Whatever it is, Smith says they're all wet.

"We haven't got the horses to pull the load," he says. "This season we're in a dark, 40-foot well trying to climb out on a slippery rope. We've just run out of the mine." Smith says the team is coming back with 10 lettermen, the same savvy head coach, Elmer Smith—abi the same good luck mascot, Sicilian mole Ophi-maggie.

Big Elmer, an all-time grid great at Hendrix in his college days, could be sincere and not find many "bells" every year about this time, but the record shows his Mulderiders have won 25 of their last 27 games and haven't been beaten by an AIC rival since October, 1950, when they acquired Ophi-maggie as a mascot.

Southern State opens the season against East Central Oklahoma here Saturday night, but the game can't be a true test of the Mulderiders' strength one way or the other. They started practice only last Friday and no one will argue with Smith's observation that six days' practice isn't enough to prepare a team for a football game.

Smith says the number of returning lettermen is deceiving. "Because I lettered everybody on the squad last year regardless of how much they played."

However, nine of the 16 returnees were first stringers on either offense or defense last season, and eight junior college transfers help plug some of the gaps caused by graduation.

The Mulderiders' biggest loss was that of speedy Grady Cathey, the

Four Games in Spotlight in State Football

By NORBERT OLSHEFSKI
 Associated Press Sports Writer

The Arkansas football spotlight turns tomorrow night on three Class AA conference tilts and a Big 7 tangle which should give a hint on the teams to watch this season. All eight teams were their first games last week.

Along with those games, 64 others are slated as Arkansas prep basketball swing into the second weekend of the football season. Twenty-one of the games will go on the record books toward determining this year's district champions.

Only four games are scheduled for tonight. Two of the—Gould at White Hall and Rison at Watson Chapel—are conference battles.

All-AIC tailback in Smith's "no name" formation—a combination of the single wing and the T with features of several other attacking systems thrown in for good measure.

Falling heir to the tailbacking job is Jack Coleman, a bruising 190-pound junior who's fast enough but not very elusive. Chief drawbacks to Coleman are that he has never played defense, a prime requisite in the return to one-platoon football, and that he saw little of offense action as understudy to Cathey.

Junior Baber, the team's best passer and punter, and Frank Crabbe, a defensive regular in 1952, will share time with Coleman at tail.

In the United States there are 20 per cent more women users of eyeglasses than men users.

The other two contests pit Mena against Subleco and Little Rock "B" against Fordyce.

Tomorrow, Conway and Malvern meet at Malvern in a district 3 fight. The Vampus Cats, commanding the services of only eight lettermen, last week whipped louted Forrest City, 28-13. Malvern, considered a serious threat this year with a letterman in each position, defeated Magnet Cove, 34-11.

In the northwest, Fayetteville, with a line averaging 200 pounds, takes on Springdale, one of the toughest teams in District 1. Fayetteville defeated Sloan Springs, 25-6, and Springdale whipped Cassville, Mo., 25-0 in their opening skirmishes.

In another hot battle, Blytheville meets North Little Rock. The Chiefs boast a good first string but admittedly are weak on the bench. North Little Rock is considered an underdog in the Big 7. Last week Blytheville downed Osceola, while North Little Rock whipped Subleco.

In the Big 7, El Dorado and Fort Smith—both loaded and gunning for the crown held by Little Rock battle at the Sebastian County city.

The Wildcats, under new coach Garland Gregory, suffered some early season injuries in the rains of 18 lettermen. But it didn't stop them from defeating Magnolia 18-0 last week.

Coach Frank Jones used Fort Smith's wealth of reserve material to good advantage last week in racking up a 20-13 victory over neighboring Van Buren.

Two Big 7 teams play out of state — Little Rock at Texarkana, Tex., and Texarkana, Ark., at Norman, Okla. Other games will see Nashville at Hot Springs and Helena at Pine Bluff.

Class A conference games to follow tonight are: Alma at Bentonville; Harrison at Huntsville; Catholic High of Little Rock at Senary; Greenwood at Park; England at Mabelvale; Morrilton at Jacksonville; Wynn at Brinkley; Ashdown at Gurdon; McGeebe at Crossett; Dumas at Warren; and Hamburg at Monticello.

First Winners of Season Are Selected

By HAROLD CLAASSEN

NEW YORK (AP)—Already it is evident that picking football winners is as difficult under one-platoon football as under the two-platoon system.

Here are the season's first winners:

Nebraska over Oregon; Saturday's TV masterpiece, Nebraska has forsaken the T for the single wing and Oregon has 17 returning veterans but the Huskers' Johnny Donovan should be the difference. California over Baylor. A close one but it is being played in California.

Southern California over Washington State. The Southern Cal line averages 207 pounds.

Kentucky over Texas A & M. Georgia Tech over Davidson. Maryland over Missouri. Duke over South Carolina. Villanova over Georgia. Texas Christian over Kansas. A few others:

Oklahoma A & M over Hardin Simmons, Utah State over Wehita, Kansas State over Drake, Tulsa over Cincinnati, Rice over Florida, Colorado over Washington, Iowa State over South Dakota, Tulsa and Colorado over Washington, Iowa State over South Dakota, Tulsa over the Citadel.

Durkin Claims Ike Wanted T-H Changes

ST. LOUIS (AP)—Marlin P. Durkin said today that two weeks before he resigned as secretary of labor, President Eisenhower personally "agreed with me" that 10 proposed amendments to the Taft-Hartley Law should be submitted to Congress.

Durkin, who quit the Cabinet last week with a charge that the White House had broken an agreement with him to sponsor the amendments, spoke before a meeting here of the metal trades department of the AFL.

He told the department he conferred with President Eisenhower in New York Aug. 20 when the President dedicated the Harlow Housing Project there.

"The President agreed with me that the amendment should not be withheld, that they should be submitted to Congress," Durkin said.

A few days later, Durkin added, a White House spokesman notified him the administration would not be able to go along with the 10 proposed amendments.

(Durkin's remarks today before the AFL meeting here differed from his explanation in Washington at a news conference last Friday of the circumstances leading to his resignation.)

"At that news conference, Durkin said he was uncertain whether Eisenhower had ever personally approved of the proposed amendments. "It was our belief that the President had been kept informed," Durkin said then. "We believed he had agreed to them."

Durkin, head of the AFL Plumbers' Union, was in a conference and was not immediately available for clarification on the apparent discrepancy.

The metal trades department session is one of several being held in advance of the AFL convention opening here Monday.

Gives Up Try to Find Sunken Ship

PROVINCETOWN, Mass. (AP)—High seas and winds have forced the schooner Bowdoin, commanded by Arctic explorer Donald B. Macmillan, to give up an attempt to find the sunken motorship Oregon and its cargo of raw wool worth several million dollars.

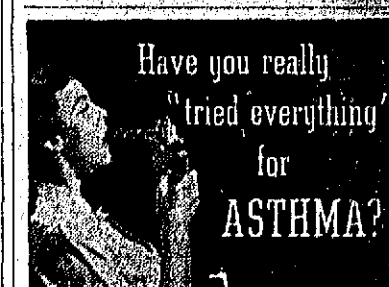

The Bowdoin returned to port yesterday after an unsuccessful search north of Nantucket Lightship, where the Oregon went down Dec. 10, 1941 after a collision with the battleship New Mexico.

Physicians Have Comic Stopwatch

LOS ANGELES (AP)—Physicists at the University of California at Los Angeles have come up with a comic stopwatch.

The university said today the device will be used to measure the lifetimes of certain heavy meson particles from atomic nuclei and are thought to exist for only billions of a second. (One-billionth of a second is to a second as one second is to a hundred years.)

The physicists designed the instrument for cosmic ray studies under an army ordnance grant.

Texan Gets Honor Medal Posthumously

WASHINGTON (UP) — A young Texas infantryman who died in Korea after a six-hour, one-man stand against an enemy unit was awarded the Medal of Honor today.

The award, highest the nation can bestow for military heroism, was for Cpl. Benito Martinez, son of Mrs. Francisca M. Martinez of Fort Hancock, Tex.

Martinez, 21, forced the enemy to pay dearly before he himself

gave his life at a forward position near Sal-Ri, Korea, on Sept. 6, 1952.

Before it finally silenced his machine gun, automatic rifle and pistol, the attacking North Korean unit had to dig through earthen reinforcements of the listening post where Martinez burrowed in for his last stand. Three days later, Martinez' comrades found his body—under those of three enemy soldiers slain by pistol fire as they closed in for the last round of the dramatic action.

The Army said Martinez heroism afforded his comrades time to reorganize and launch a counter-attack.

Martinez realized that, in his

Ike to Talk With French Minister

By MERRIMAN SMITH

DENVER, (UP) — The White House announced today that President Eisenhower will confer in Washington this fall with French Premier Joseph Laniel and French Foreign Minister Georges Bidault.

The White House said the purpose of the meeting was "for a friendly visit and a general exchange of views on matters of common interest."

The White House conceded that an agenda for the conference was in preparation, but not completed.

Undoubtedly high on the agenda was the interest of the free nations in curbing Communist expansion in Indochina.

Press Secretary James C. Hagerty announced the French visit in those words:

"President Eisenhower has invited Joseph Laniel, president of the French council of ministers, to visit him this autumn in Washington, accompanied by Foreign Minister Bidault, for a friendly visit and a general exchange of views on matters of common interest."

"Mr. Laniel has accepted his invitation."

"A mutually convenient date will be agreed later, depending on the engagements of the president of the United States and the French prime minister."

The president had planned earlier to meet in Bermuda with British Prime Minister Sir Winston Churchill and the head of the French government. A series of French political crises delayed the meeting, then Churchill became ill and the Bermuda conference was postponed indefinitely.

Asked today whether a Bermuda conference was still a possibility, Hagerty said "I don't know."

Asked if in addition to the Laniel visit to Washington, the President was making any plans to see Churchill independent of a three-power meeting, Hagerty said, "I don't know of any plan at this time."

Fulbright Visions Democratic Gains

LITTLE ROCK (AP) — Sen. J. W. Fulbright (D-Ark) predicts that the Democratic Party will receive a 25 to 30 seat majority in Congress in the 1954 elections.

He also expects Adlai E. Stevenson to be nominated as his party's presidential candidate in the 1956 elections.

Fulbright, interviewed here yesterday during a stopover in a state speaking tour, declined to berate the Republican administration, explaining:

"It's a little too early to pass judgement on what they're doing."

The junior senator said he didn't attend the Democratic rally in Chicago because of the expense involved and his speaking tour. He added that "nobody doubts that I support the Democratic Party."

Concerning the Southern rebellion and the recent criticism by party leaders in the South, Fulbright said that is South Carolina Gov. James P. Byrnes doesn't approve of party policies "he ought to come right out and declare himself to be a Republican."

Byrnes led the 1952 revolt.

"I don't know what Byrnes is trying to do. If he's trying to create a third party, I'm definitely against it," Fulbright said.

Fulbright speaks at McGhee today, Pine Bluff tomorrow and Little Rock Friday and Saturday.

Wills \$2,000 to a Pet Cat

FARMER CITY, Ill. (AP) — An elderly widow willed \$2,000 of her \$100,000 estate to her pet cat. The will of Mrs. Lena Maude Rankin, filed for probate in DeWitt County Court at Clinton yesterday, stipulated that what's left when the cat dies goes equally to the American Cancer Society and the Illinois Heart Association.

Mrs. Rankin, in her 70's, was found dead in her home Aug. 31. Her cat lay on the bed beside her body. She had no immediate relatives.

Among the will's larger bequests were \$45,000 to the University of Illinois and \$10,000 to the Palmer School of Chiropractic in Davenport, Iowa.

forward post, he was about to be surrounded, but he chose to pass up a chance to evade the trap and then rejected subsequent offers for a rescue patrol to free him. He said it would be "too dangerous."

Martinez sprayed the men with machine gun fire until the engagement was over. He fell back about 10 yards with only the automatic rifle and the pistol to defend himself.

Shortly before dawn, Martinez called in for the last time over the telephone from the advance post, reporting the enemy was digging through the walls with picks and bayonets. An exchange of shots was heard over the open line.

When Martinez' body was recovered later, a pistol was in his right hand and an empty bullet clip in his left.

Cpl. Harrison H. Hall, of Bilbert, W. Va., said:

"Martinez was not afraid while I was talking to him on the phone. And even though he knew he would probably die, he was determined to stay on his position and fight off the enemy by himself rather than escape or have us send a patrol out to try and open up a hole so he could withdraw to our lines."

Spires Enrolls at Arkansas State

JONESBORO (AP) — Tommy Spires, former Oseola high school football star, who played last season with the University of Mississippi, enrolled in Arkansas State College here today.

Coach Forrest (Frosty) England said he wasn't certain that Spires would play football.

Spires cut quite a figure as a freshman quarterback for the Rebels last season. He played in the Sugar Bowl game against Georgia Tech. Two touchdown passes he threw were credited with a large part in the Ole Miss victory over the University of Arkansas.

Banker Charged With Embezzlement

BATON ROUGE, La. (UP) — Police said today that an assistant vice president of the Louisiana National Bank here has signed a confession that he embezzled \$83,674.79 from the bank over a period of 12 years.

They identified the bank official as Stollman M. Kling, 51-year-old father of three children, who was elevated to assistant vice president in January, 1952.

Kling was taken into custody last night, police said.

They said that in his confession Kling said he used the money himself and no other employees of the

bank were involved.

Preston Koss, vice-president of the bank, said there would "probably be a federal charge lodged against Kling."

Koss said the bank will suffer no loss in the embezzled money was covered by insurance.

Kling began his career with the bank as a clerk in 1920. He was named assistant cashier in June, 1949.

Novel Plan to Get Gasoline

ALAMO, MICH. (AP) — A motorist who ran out of gasoline a mile east of this southwest Michigan body

Outcome of Meet Is Applauded

By ROWLAND EVANS Jr.

WASHINGTON (AP) — Sen. Maybank (D-SC) today applauded the outcome of the two-day Democratic parley in Chicago and called the party more unified than ever before.

But Sen. Frear (D-De) said the

community hit on a novel plan when he found all the service stations closed at 3 a.m. Monday.

He punched a buzzer at the fire station, and explained later to a sputtering fire chief Ray antella that he hoped it would "get some-

meeting of the national committee

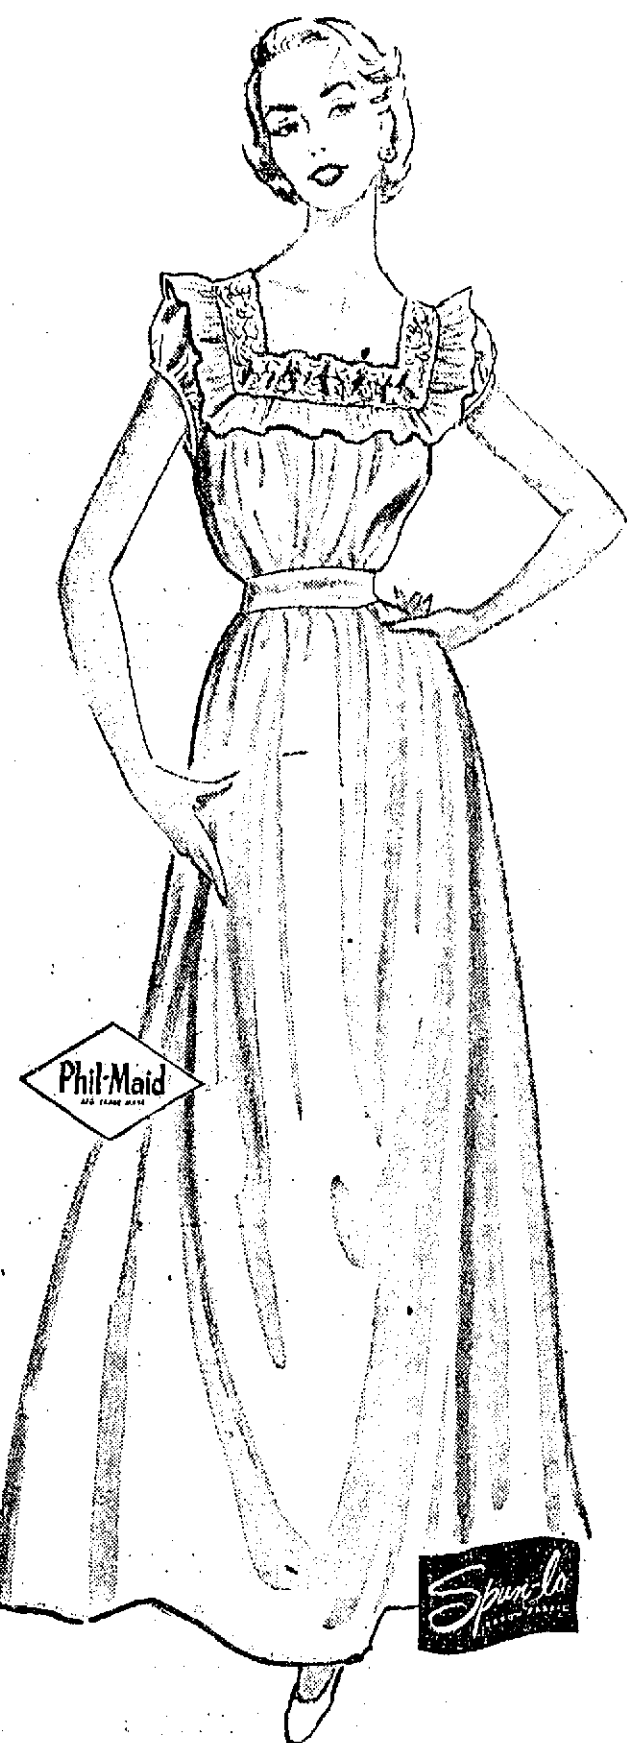

passed up a good chance when it failed to compromise civil rights and other differences between the party's Northern and Southern wings.

"This is the time to settle some of these problems," he said, "not in an election year."

Frear whose Senate term expires the end of next year, said he does not believe "that the men who represent both sides are so damn stubborn that they can't reconcile their differences."

But Maybank expressed complete agreement with a decision by the national committee to put off at least for now any formal discussion of the modified "loyalty pledge" adopted at last year's national convention.
